To Whom it may concern,

Re: Codi Tiedeman [coditiedeman@gmail.com](mailto:coditiedeman@gmail.com)

I have had the pleasure of working with Codi for two years from November 2021 when she joined South Coast Radiology in a casual position as Marketing Assistant.

Codi reported indirectly to the position of General Manager which I held at that time.

Codi was undertaking a double degree in marketing at the time and was working with South Coast Radiology to improve her workplace experience however from her commencement it was apparent that she was a bright and studious person who had a lot to contribute, she was a highly regarded and valued member of the team.

I could not recommend Codi more highly and believe she would add value to any employer lucky enough to recruit her.

Kind regards  
Warren Berry
